

# Contents

	<b>Forward</b> .....	<b>ix</b>
<b>Part 1</b>	<b>Introduction to the Portlet and Portal Paradigm</b> .....	<b>1</b>
	JSR 168 Portlet Programming .....	1
	Why two parts? .....	2
<b>Chapter 1:</b>	<b>Portals and Portlets: The Basics</b> .....	<b>5</b>
	What is a Portal? .....	5
	Portal Applications and Portlets .....	9
	Portal Architecture .....	9
	Creating Portlets .....	16
	More About Tools .....	22
	Summary .....	23
	References .....	23
<b>Chapter 2:</b>	<b>Writing your first Portlet</b> .....	<b>25</b>
	Anatomy of a Portlet .....	26
	Starting Hello World .....	28
	Building Hello World with Rational Application Developer .....	33
	A Minor Fix .....	47
	Summary .....	48
<b>Chapter 3:</b>	<b>Java Portlet API Fundamentals</b> .....	<b>51</b>
	Portlet Life Cycle .....	52
	Portlet Mode and Window State .....	54
	Customization Levels: Portlet Definitions, Portlet Entities, and Portlet Windows .....	56
	Understanding the Portlet Data Model .....	59
	Portlet URLs .....	63
	The Calendar Portlet Application Example .....	64
	Summary .....	86
<b>Chapter 4:</b>	<b>Java Portlet API Code Patterns and Best Practices</b> .....	<b>89</b>
	Java Portlet API Code Patterns .....	90
	JSF .....	93
	WebWork .....	95
	AJAH .....	101
	Adopting Portlet Best Practices .....	103
	Save Navigational State Conservatively .....	110

	Summary .....	115
	References .....	115
<b>Chapter 5:</b>	<b>Languages and Markups .....</b>	<b>117</b>
	Internationalization and Localization .....	118
	WebSphere Portal's Language Support .....	118
	Portlet Language Support Definition .....	119
	Localized JSPs .....	122
	Resource Bundles .....	122
	Java Standard Tag Library .....	123
	Internationalization and Localization for the Calendar Portlet .....	123
	Changing a Language Dynamically .....	131
	A Word About Bidirectional Languages .....	133
	Building a Portlet for Multiple Devices .....	133
	Summary .....	134
<b>Chapter 6:</b>	<b>Using Java Server Faces in your Portlets .....</b>	<b>135</b>
	Request Life Cycle .....	136
	JSF Widget Library .....	138
	Developing a Portlet .....	139
	Pagination .....	151
	Action Event .....	152
	Navigation .....	156
	Internationalization .....	161
	Struts vs. JSF .....	162
	Portlet Concepts Applied to JSF .....	163
	Summary .....	169
<b>Part 2</b>	<b>Introduction to the Portlet and Portal Paradigm .....</b>	<b>171</b>
	Building on the Java Portlet API .....	171
	Book Scenarios .....	172
<b>Chapter 7:</b>	<b>Application Architecture and SOA .....</b>	<b>177</b>
	What Is SOA? .....	178
	Portal as an Onramp to SOA .....	181
	How SOA May Affect a Portal .....	186
	Process Integration and Composite Applications .....	187
	Technology Considerations .....	189
	Back-End Considerations .....	191
	Portal Service Layers .....	191
	Reuse of the Data Access Service .....	195
	SOA Roadmap for Portal .....	206
	Summary .....	208
	References .....	209

---

<b>Chapter 8:</b>	<b>Fundamentals of Portlet Factory</b> .....	<b>211</b>
	Portlet Factory Background .....	211
	Building Blocks .....	215
	Writing Your First Portlet .....	217
	Creating a View Portlet .....	230
	Building the Complete Services Layer .....	252
	Regeneration and Change Propagation .....	256
	Summary .....	257
<b>Chapter 9:</b>	<b>Advanced Concepts in Portlet Factory</b> .....	<b>259</b>
	Building Forms Using the Portlet Factory .....	260
	Inter-Portlet Communication .....	275
	Profiling .....	283
	Personalization Use Case .....	289
	Solutions Strategy .....	299
	Summary .....	303
<b>Chapter 10:</b>	<b>Inter-Portlet Communication</b> .....	<b>305</b>
	Cooperative Portlet Background .....	306
	Basic Concepts .....	308
	Cooperative Portlet Architecture .....	315
	Building the Portlets .....	320
	Source Portlet WSDL .....	326
	Source Portlet init Method .....	337
	Source Portlet doView Method .....	338
	Source Portlet processAction Method .....	340
	Summary .....	348
	References .....	348
<b>Chapter 11:</b>	<b>Security and the Credential Vault</b> .....	<b>349</b>
	Single Sign-On Overview .....	349
	Introduction to the Credential Vault Service .....	352
	The Credential Vault Structure .....	354
	Passive Credentials .....	364
	Defining Administrative and System Slots .....	374
	Summary .....	377
<b>Chapter 12:</b>	<b>Workplace Forms Fundamentals</b> .....	<b>379</b>
	IBM Workplace Forms .....	380
	Workplace Forms Document Model .....	384
	Workplace Forms Hello World form and Portlet .....	386
	Testing and Deploying Our Portlet .....	398
	Summary .....	403
	References .....	404

<b>Chapter 13:</b>	<b>Next Steps with Workplace Forms</b>	<b>405</b>
	Workplace Forms Architectures	405
	Pre-Populating Workplace Forms	408
	Keeping Form Submission Within Context of Your Portal	
	Application	417
	Workplace Forms/Process Integration Models	418
	Form Processing and Data Extraction	425
	Inter-Portlet Communication and Workplace forms	429
	Workplace forms/process Integration models	430
	Summary	432
<b>Chapter 14:</b>	<b>Enhancing the User Experience with Ajax</b>	<b>433</b>
	Introduction to Ajax	433
	Ajax Processing Flow	436
	Ajax in the Portal Environment	443
	Ajax Example	449
	Frameworks	460
	Security Considerations	462
	Summary	463
<b>Appendix A:</b>	<b>Looking Toward V2.0 of the Java Portlet Specification</b>	<b>465</b>
	Coordination	466
	Resource Rendering	468
	Ajax Support	469
	Better Support of Existing Web Frameworks	470
	Client-Capabilities Access	470
	Advanced Caching	470
	Portlet Windows	471
	Portlet Filters	471
	Further Items	472
<b>Appendix B:</b>	<b>Setting Up the Data Components</b>	<b>473</b>
	Using iBATIS	473
	Data Access Using a Singleton Model	474
	Quick Start Setup	475
	Custom Setup Options	482
